## *Welcome to 4 Paws Kilo Club!*

Many of the pets we see have a bit of a problem with their weight. They are so good as giving us 'the look' that encourages us to over feed them, that weight gain begins to be an issue.

But don't despair, as Orange Vet Hospital can now help!

Our 4 Paws Kilo Club has been developed in conjunction with Hills Pet Food.

It is a way that we can help you help them!

**OBESITY AFFECTS MORE THAN JUST  
YOUR PET'S FIGURE,**

**BUT IT ALSO AFFECTS YOUR DOG'S**

**FUTURE!**

A pet being overweight carries many risks such as;

ARTHRITIS

HEART DISEASE

BREATHING DIFFICULTIES

DIABETES

LIVER DISEASE

EXERCISE IN TOLERANCE

So Why Might My Pet Be Over Weight?

The main reason for a pet to be over weight, is simple, over feeding!

## **BENEFITS OF JOINING OUR 4 PAWS KILO CLUB**

A tailored program to suit your pet

Specialized Weight-Loss Diets & Treats, only available at your vets!

Continuing support from Orange Vet Hospital staff & veterinarians

3,6 & 12 monthly Competitions, for pets who reach their weight loss goals!

Information & handouts to help you with your pets weight loss goals.

A Weight-Loss Chart for you to document your pets weight-loss journey

Building a relationship between yourself, your pet & the team at Orange Veterinary Hospital

And of course, helping your pet to be the best & healthiest that they could possibly be!
